The Community Emergency Response Team (CERT) course is a 20-hour program that trains people to be better prepared for response to emergency situations in their communities. When emergencies happen, CERT members can give critical support to first responders, provide immediate assistance to victims, and organize spontaneous volunteers at a disaster site. CERT members can also help with non-emergency projects that help improve the safety of the community.

If you are interested in attending this training, please contact Cobb EMA at [ema@cobbcounty.org](mailto:ema@cobbcounty.org) or by phone at 770-499-4567 to register for the program.
